

January 2022 Happy New Year!!!

Happy New Year!

The staff at Whitecourt Central School would like to wish all of our students and families a very prosperous and happy new year.

Numeracy Tips

Practicing adding, subtracting, multiplication and division facts is a great way to develop a student's confidence in their number sense. These skills transfer into many of the math outcomes within the curriculum.

Websites:

Box Cars and One Eyed Jacks is a great educational resource, which helps to support the development of number sense. Dice and domino games can be found on YouTube.

Literacy Hints

In addition to choosing "Good Fit" books, it is important to help students build vocabulary and understanding of text. Asking questions about what has been read or finding the meaning of unfamiliar words, will all assist students in building their comprehension.

December Eagles

School Absences

We know that students will be away due to appointments and illness. Thank you to our parents who call the office to let our secretary know that your child will be away. We understand that when students are showing multiple COVID-19 symptoms, that they need to be away from school. In order to keep them caught up, teachers have been placing work into their Google Classrooms. This will enable students to access their work while they are at home. Unfortunately they will miss the instruction but if there are any questions, a quick email to the teacher will clear things up. Communication with your child's teachers as well as with the office, in addition to updated phone numbers and email addresses, will be essential to ensure that everyone is working toward the common goal; student success.

Technology Fees

Technology fees are now past due. Students will be required to have their technology fees paid before they are able to take part in extracurricular activities such as skiing. If families need to establish a payment plan for the technology fees, please contact the school office and arrangements can be made.

What's Going On!!!?

Communication regarding what is happening in the classrooms, school etc is shared continuously with our school community through emails, Facebook and our website. Please ensure that you are reading all of the information to stay on top of what's going on.

Teachers can be reached from 8:30 am to 9:00 am and after school from 3:15 pm to 3:45 pm. If you are sending them an email, please allow 24 hours for a response.

Just a reminder that the School office opens at 8:15 am and closes at 4:00 pm.

January 2022

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
2	3 No School	4 No School	5 No School	6 No School	7 No School	8
