## Information Items for Parents

### Parking at Drop-Off & Pick-Up

Parents are asked to use the marked area of the sidewalk as a loading/unloading zone only. We ask that parents do not park in this area for more than the necessary amount of time to upload or load children (5 minutes) to ensure that everyone has the opportunity to pull in and drop off or pick up their children within a reasonable distance from their entrances. Bylaw officers do monitor this area and have given tickets for parking over the allotted loading/unloading time.

### Sick at School

When students complain about a stomach ache or a headache, we try a variety of strategies before calling parents. We give students a chance to rest in the infirmary, offer them a peppermint to help soothe their tummy, and offer a snack. If after all of these strategies a student is still not feeling well, we will call home and ask the parents to come and get their child.

### Terry Fox Walk

Thank you to everyone who donated to the Terry Fox Foundation and joined us on our Terry Fox Walk. We raised \$838.

### School Council Room Parent

Our School Council has requested that each classroom have at least one room parent. This parent may be contacted to help distribute hot lunch, volunteer time for fundraisers, or collect information for your child's class. There is no requirement to join meetings unless you would like to. If you are willing to help out with this, please contact your child's teacher with your name, phone number and email.

### Fire Prevention

Our Kindergarten to Grade 3 students will be participating in Fire Prevention presentations in early October.

### Communication

Communication with our families is very important. If your child comes home with concerns about something that happened at school, please contact the teacher as soon as you can. There may have been details forgotten which would help parents know that everything was taken care of.

### Canniff Corner

#### Emotional Intelligence

You can help your child develop their emotional intelligence by naming your own emotions out loud and describing how you know you are feeling those emotions.
